

Strategic Direction: Priority for Action:

TARGET

6th World Water Forum Target

TITLE OF THE SOLUTION

Title summarizing the solution in a few words

CONTRIBUTOR'S NAME

If you wish to send us your logo, please do so by sending us an attachment together with this document

EXISTING SOLUTION

The solution is already being implemented and has demonstrated long-term sustainability and added-value

KEY WORDS

DESCRIPTION

Description of the solution

- Category (technical, institutional, legal, policy, financial, communication, others (please specify))*
- Brief description

Note: Open text entry field – word limit: 2000 characters

Location

- Where was/is the solution implemented? *

Note: Open text entry field – word limit: 300 characters

Actors

- Who had initiated the project? What were the stakeholders' drivers?
- Which actors proved strategic in the implementation? At what stage were they brought in?
- Who has ensured follow-up of the solution at the local level?

Note: Open text entry field – word limit: 1000 characters

Strategic Direction: Priority for Action:

STRATEGIC FIT & ADDED VALUE

Problem to solve

- Key question your solution aims to answer (i.e. if your Solution is the answer, then what is the question) and how does that fit with the target?*

- How does the solution contribute to the target's effective implementation and attainment?

Note: Open text entry field – word limit: 1000 characters

Added-value and cost effectiveness

- What are the solution's key outputs and what impacts did the solution have given the investment level (not only financial)?*

- Can the solution continue to deliver tangible impacts on the long term?*

Note: Open text entry field – word limit: 1000 characters

Monitoring

- In the process of effectively implementing this solution, what are some of the key qualitative and quantitative indicators of success over time (i.e. what would you expect to see change, where and when)?*

Note: Open text entry field – word limit: 1000 characters

WIDER APPLICATION

Replication and up scaling potential

- Given your experience, who would / should be most interested in this Solution and why? How will it help them?*

- In what context do you think this solution could / would work best and why?*

- Given your experience, what would be needed to upscale this solution, for example to a political or/and a regional level?*

Note: Open text entry field – word limit: 2000 characters

Strategic Direction: Priority for Action:

Key lessons learnt

- What tips and guidance (dos and don'ts) would you give to others interested in applying this solution in their own context?*
- What is the minimum investment necessary (in terms of human resources, time, energy, infrastructure, financial resources, political will, etc.) in order to effectively implement this solution?*
- What are the main factors of success that you wish to emphasize?*

Note: Open text entry field – word limit: 3000 characters

Existing commitments

- Have some organizations/institutions/committees already committed to implement or replicate this solution?*

Note: Open text entry field – word limit: 1000 characters

CONTACT

Key contact institution

- Where can people go for more information, help or advice on this solution?*
- Details of the contact person* (e.g. name, address, e-mail or phone number)

Note: Open text entry field – word limit: 600 characters

ADDITIONAL INFORMATION

Supporting material

- Website, Video, podcast, report, PowerPoint presentation, photo album, creative support, etc.: please do not hesitate to send us as attachment to this template any supporting material to be circulated about your solution!
- Your material will be uploaded on the Platform to be consulted by all.

Specify the supporting material you intend to send – word limit: 600 characters
